

Major pieces of the Papua New Guinea (PNG) environmental legal system

By: Dr Chris McGrath¹

¹ Prepared for a course delivered for the [Australia Awards in PNG](#) in June 2019, based on the structural hierarchy or “jigsaw” method for describing environmental legal systems explained in Chris McGrath, *Does Environmental Law Work?* (Lambert Academic Publishing, Saarbrücken, 2010), Ch 3, pp 68-69, <http://www.envlaw.com.au/wp-content/uploads/delw.pdf>. Note the *Conservation Areas Act 1978* is proposed to be replaced by the *Protected Areas Bill 2018*, but the Bill had not passed at the time of writing.
