**Image 2: Paradise Dam wall showing dam reservoir. Main structure in mid-ground is the main water outlet tower (downstream fishway is barely visible in front of it). Fish hopper visible as yellow structure on top of dam wall. Taken by Arkin Mackay, August 2006.**

**Image 3: Entrance to downstream fishway (vertical slot in red circle) 1 m above the water of the dam reservoir. Taken by Roger Currie on 11 May 2008.**

**Image 4: Paradise Dam wall from Eastern bank of Burnett River downstream of dam. The lower section in the distance is the dam spillway and the yellow structure on top of the dam wall is the upstream fishway. Upstream fishway not operating.**

**Taken by Arkin Mackay, August 2006.**
